Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for YMCA HVAC and Exhaust System Upgrade in fiscal year 2023. The entity to receive funding for this project is the YMCA of Newark and Vicinity, located at 600 Broad St, Newark, NJ 07102. The funding would be used to replace the existing 2,000-amp switchgear with a 3,000-amp service. The project will also replace 15 exhaust fans located in the residential towers, pool, basement, and gym. All areas frequently used by YMCA residents. The electrical wiring will be replaced and upgraded as the current wiring is original to the building dating back to 1953. Lastly the project includes the purchase and installation of approximately 210 5,000 b/t/u air conditioning units for residents that occupy floors 6-12.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Donald M. Payne, Jr.
Member of Congress
